

1. Identification

Product Name	Tint Trim Semi Gloss Paint	Company Name	Tint
SKU	TBAT	ABN	32 169 779 257
Product Use	As a high quality water based semi-gloss acrylic finish for interior walls and ceilings.	Address	49 Argyle Street Fitzroy, VIC, 3065 Australia

2. Hazards Identification

GHS Classification

Based on available information, this material is classified as non-hazardous according to health criteria of Safe Work Australia.

Dangerous Goods Classification

Not classified as Dangerous Goods by the criteria of the "Australian Code for the Transport of Dangerous Goods by Road and Rail".

3. Composition Information

Ingredients determined to be non-hazardous	100%
--	------

4. First Aid Measures

Inhalation	Move to fresh air. Call a doctor if symptoms develop or persist.
Skin	If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. If irritation occurs seek medical advice.
Eye	If in eyes wash out immediately with water. In all cases of eye contamination it is a sensible precaution to seek medical advice.
Ingestion	Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. If vomiting occurs give further water. Seek medical advice.
Advice to First Aiders	Be aware of the material(s) involved, and wear protective equipment if there is a risk of inhalation or skin and eye contamination.
First Aid Facilities	Eye wash and normal washroom facilities.

5. Fire-Fighting Measures

Specific Hazards	Non-combustible material.
Hazchem Code	Not applicable
Suitable Extinguishing Media	If material is involved in a fire use water fog (or if unavailable fine water spray), foam, dry agent (carbon dioxide, dry chemical).

Fire-Fighting Further Advice	Not combustible, however following evaporation of aqueous component residual material can burn if ignited. On burning may emit toxic fumes. Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapour or products of combustion
-------------------------------------	---

6. Accidental Release Measure

Small Spills	Wear protective equipment to prevent skin and eye contamination. Wipe up with absorbent (clean rag or paper towels). Allow absorbent to dry before disposing with normal household garbage.
Large Spills	Slippery when spilt. Avoid accidents, clean up immediately. Wear protective equipment to prevent skin and eye contamination and the inhalation of vapours. Work up wind or increase ventilation. Contain — prevent run off into drains and waterways. Use absorbent (soil,sand or other inert material). Collect and seal in properly labelled containers or drums for disposal. If contamination of sewers or waterways has occurred advise local emergency services.

Dangerous Goods Initial Emergency Response Guide Number not applicable.

7. Handling and Storage

Handling	Keep out of reach of children. Avoid eye contact and repeated or prolonged skin contact and inhalation of any vapour.
Storage	Store in a cool, dry, well-ventillated place and out of direct sunlight. Store away from incompatible materials described in Section 10. Keep containers closed when not in use. Check regularly for leaks.

8. Exposure Controls and Personal Protection

National Occupational Exposure Standards	No value assigned for this specific material by Safe Work Australia.
Biological Limit Values	As per the "National Model Regulations for the Contraol of Workplace Hazardous Substances (Safe Work Australia)" the ingredients in this material do not have a Biological Limit Allocated.
Engineering Measures	Use only in well ventilated areas. Keep containers closed when not in use.
Protective Equipment	Overalls, safety shoes, safety glasses, gloves. Wear overalls, safety glasses and impervious gloves. Available information suggests that gloves made from nitrile rubber should be suitable for intermittent contact. However, due to variations in glove construction and local conditions, the user should make a final assessment.

Hygiene Measures	Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storing or re-using.
------------------	--

If risk of inhalation exists, wear organic vapour/particulate respirator meeting the requirements of AS/NZS 1715 and AS/NZS 1716.

9. Physical and Chemical Properties

Total Volatile Organic Compounds (VOC)	<36 g/lit		
Appearance	White viscous liquid	Flash Point (°C)	Not applicable
Odour	Low	Flammability Limits (%)	Not applicable
Odour Threshold	Not available	Melting Point/Range (°C)	Not applicable
Specific Gravity (20 °C)	1.1 - 1.3	Boiling Point/Range (°C)	>100
Vapour Pressure (20°C)	Not available	Relative Vapour Density (air=1)	>1
pH	8 - 10	Autoignition Temperature (°C)	Not applicable
Solubility	Miscible in water	Viscosity	Not available

10. Stability and Reactivity

Reactivity	No reactivity hazards are known for this material.
Chemical stability	This material is thermally stable when stored and used as directed.
Hazardous reactions	No known hazardous reactions.
Conditions to avoid	Elevated temperatures.
Incompatible materials	Incompatible with oxidising agents.
Hazardous decomposition products	Oxides of carbon and nitrogen, smoke and other toxic fumes.

11. Toxicological Information

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects that may arise if the product is mishandled and overexposure occurs are —

Inhalation	Where this material is used in a poorly ventilated area, at elevated temperature or in confined spaces, vapour may cause irritation to mucous membranes and respiratory tract, headache and nausea.
Skin contact	Contact with skin may result in irritation.
Ingestion	No adverse effects expected, however large amounts may cause nausea and vomiting.
Eye contact	May be an eye irritant.
Acute toxicity	This product has been classified as non-hazardous.
Chronic toxicity	This product has been classified as non-hazardous.

12. Ecological Information

Avoid contaminating waterways.

Ecotoxicity	No information available
Persistence and degradability	No information available
Mobility	No information available

13. Disposal Considerations

Persons conducting disposal, recycling or reclamation activities should ensure that appropriate personal protection equipment is used, see "Section 8. Exposure Controls and Personal Protection" of this SDS.

If possible material and its container should be recycled. If material or container cannot be recycled dispose in accordance with local, regional, national and international regulations.

14. Transport Information

Road and Rail Transport	Not classified as Dangerous Goods by the criteria of the "Australian Code for the Transport of Dangerous Goods by Road and Rail".
Marine Transport	Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG) Code) for transport by sea.
Air Transport	Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

15. Regulatory Information

Based on available information, this material is not classified as hazardous according to health criteria of Safe Work Australia. Non-hazardous substance.

The Standard for the Uniform Scheduling of Medicines and Poisons No. 7. Not Scheduled.

All the constituents of this material are listed on the Australian Inventory of Chemical Substances (AICS), or exempted.

16. Other Information

Issue Number	1.4	Date Issued	05 March 2024
Emergency Number	Poisons Information Centre 13 11 26 From anywhere and anytime in Australia	Telephone Number	1800 573 187 Mon-Fri, 9am-5pm

This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular how to safely handle and use the product in the workplace. Since Tint cannot anticipate or control the conditions under which the product may be used, prior to usage, review the SDS in the context of how the user intends to handle and use the product in the workplace.

If clarification or further information is needed to ensure that an appropriate assessment can be made, the user should contact this company.
